DETAILED ACTION

Claim Objections

1. Claim 37 is objected to because of the following informalities: The claim refers to an acronym (SAPI) without providing a complete definition/description at the first instance of the term. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 12 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 12 recites the limitation "the grammar associated with the grammar" in line 14. It is unclear as to what applicant is attempting to claim in the limitation of a grammar associated with the grammar.

Allowable Subject Matter

3. Claim 22 is allowed.
